

Successfully manage change in the workplace...

Outcomes related to Change Readiness:

- ✓ Increased individual and organizational adaptive capacity
- ✓ Increased self-directed learning
- ✓ Increased resilience and the ability to manage stress
- ✓ Increase trust and engagement among all staff

Who should attend?

- Small business owners
- Employees of small businesses
- Human resource professionals
- Supervisors and managers

Change is inevitable.

The pace of change is unreliable.

The impact of change is unpredictable.

In every business sector there are change factors at work which, if not managed appropriately, can have a significant and lasting impact on individuals, work teams, management, organizations and the business sector overall.

How can a workplace or an individual successfully manage change?

- ✓ --Develop the skills to learn and grow continuously
- ✓ --Acquire the skills to be prepared for change
