

Discover how Workplace Education Manitoba's Customized Essential Skills Solutions can increase your bottom line...

Today's increasingly competitive markets have everyone looking for better ways to resolve labour shortages, improve productivity and increase revenues.

In the race to get ahead, business leaders often overlook the competitive edge that comes with enhancing Essential Skills in the workplace. Yet investing in this area can produce sizable returns.

For over 25 years, Workplace Education Manitoba has been your complete source of Essential skills consultation, assessment and training. Learn more about Essential Skills and you may just find the missing competitive edge for your solution to productivity and human resource challenges.

In a survey by Canadian Manufacturers and Exporters (CME), over

40%

of manufacturers

reported that skills shortages are seriously constraining their ability to improve business performance and growth.

Workplace Essential Skills are the foundation skills that everyone uses while performing the tasks required by their job. We draw on them while learning all other skills and they support and enhance our ability to innovate and adapt to workplace change.

What are the Essential Skills?

- Reading Text
- Document Use
- Numeracy
- Writing
- Oral Communication
- Working With Others
- Thinking
- Digital Technology
- Continuous Learning

Contact us for a complimentary training needs assessment.

Whether you're planning to implement a new process, reviewing training effectiveness or experiencing issues in the workplace that you're unable to define, understanding the Essential Skills involved is critical to moving ahead.
